GSB Architects & Interiors, Inc. is an award-winning Atlanta, GA based architectural and interior design firm providing exceptional services to the public and private sector domestically and internationally. Our team is comprised of highly qualified architects and interior designers providing services on all phases of projects, including furniture procurement, from inception of ideas to the built environment. We have the expertise to meet and exceed our clients' needs on any project type and scope.

Founded in 1998 by Maria Guerra-Stoll and William Barker, GSB became an award-winning Hispanic Female Business Enterprise.

Tapping into years of experience working with Fortune 500 companies, Guerra-Stoll, Barker and their staff possess extraordinary knowledge in the design, renovation, and construction of a wide variety of building types.

Together the individuals at GSB produce a synergy that yields a high level of competence and an in-depth understanding of complex and evolving technology. This extraordinary competence has resulted in the successful management of many complicated projects.
